

KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

EQUITY ("Sub-Fund")

Class "I Dist" ISIN: LU1905622129

a sub-fund of FONDACO PREVIDENZA UCITS SICAV ("Fund")

This sub-fund is managed by Fondaco Lux S.A., part of Fondaco group of companies.

OBJECTIVES AND INVESTMENT POLICY

Investment Objective: The investment objective of the Sub-Fund is the high increase of invested capital in the long term, involving high level of risk, through the investment in the main equities markets in line with the benchmarks defined for the Sub-Fund in view to maximize the ESG (scoring) of the portfolio.

Investment Policy: The Sub-Fund (denominated in EUR) mainly invest in listed companies mainly located in Europe, North America and Pacific Area, as well as, in particular market conditions and on an ancillary basis (normally below 20%) in units of other UCITS, other UCIs and/or ETFs (provided that they are eligible in accordance with article 41 e) of the Law of 2010) with a comparable investment policy.

The Sub-Fund may also invest in Money market instruments and in ADR /GDR listed and traded on European and US regulated markets.

The Sub-Fund may use derivatives (i.e. Equity Futures and FX Forwards) for hedging and for efficient portfolio management.

The Sub-Fund aims to promote both environmental and social characteristics in accordance with the principles set forth by article 8 of the SFDR but does not invest only in sustainable investments within the meaning of article 2 (17) of the SFDR.

Holdings of shares in any one company, except funds, may not exceed 5% of the Sub-Fund's total assets.

The exchange rate risk is largely hedged. The securities acquired by the Sub-Fund can be denominated in any currency but will be

listed and/or dealt in on Regulated Markets.

Within the limits set forth in the Prospectus and on a temporary and ancillary basis, the Sub-Fund may hold cash and cash equivalents.

The Sub-Fund will not invest directly in CoCo bonds, Distressed Debt, High Yield and ABS/MBS but may be to a certain extent indirectly exposed to such instruments.

The Sub-fund is passively managed with respect to the asset allocation, with a small range of deviation from the neutral weight of the following benchmarks: MSCI DAILY NET TR EUROPE EURO, MSCI DAILY NET TR NORTH AMERICA EURO and MSCI DAILY NET TR PACIFIC EURO.

The performance of the Sub-Fund shall normally follow the one of the benchmarks. However, the Sub-Fund is not an index tracker and the securities selection will be done in an active way in order to achieve the investment objectives so that the Investment Manager may also invest in securities that are not represented in the benchmark.

- The portfolio currency is EUR.
- The unit class currency is EUR.
- Distribution class of unit, is offered.
- For full investment objective, policy details and benchmark allocation see the Prospectus.

RISK AND REWARD PROFILE

1	2	3	4	5	6	7
---	---	---	---	---	---	---

This risk profile is based on historical data and may not be a reliable indication of the future risk profile of the Portfolio.

The risk category shown is not guaranteed and may change over time. The lowest category does not mean risk free.

It is possible that a portfolio stated to have a lower risk profile may in fact fall in value more than a portfolio with a higher risk profile.

Your initial investment is not guaranteed.

Why is the fund in this category?

This ranking is typically used to indicate that the Sub-Fund invests mainly in a balanced portfolio of different investment strategies, in order to avoid that a single risk factor excessively influences the Sub-Funds' performance.

The following risks are materially relevant to the Sub-Fund but are not adequately captured by the Synthetic Risk Reward Indicator and may cause additional loss: "liquidity risk", "credit risk", "counterparty risk", "operational risk".

Counterparty Risk: Sub-Fund that invests in OTC contracts may find itself exposed to risk arising from the solvency of its counterparties and from their ability to respect the conditions of these contracts. The Sub-Fund may thus enter into futures, options and swap contracts including CDS or use derivative techniques, each of which involves the risk that the counterparty will fail to respect its commitments under the terms of each contract.

Liquidity Risk: It refers to the possibility that the Sub-Fund may lose money or be prevented from earning capital gains if it cannot sell a security at the time and price that is most beneficial to the Sub-Fund and may be unable to raise cash to meet redemption requests.

Credit Risk: It refers to the likelihood of the Sub-Fund losing money if an issuer is unable to meet its financial obligations, such as the payment of principal and/or interest on an instrument or goes bankrupt.

Operational Risk: It refers to a failure or delay in the system, processes and controls of the Sub-Fund or its service providers (including all safekeeping of assets) which could lead to losses for the Sub-Fund.

For more detailed information on the risks associated with an investment in the Portfolio, please refer to the section in the Prospectus entitled "Risk Considerations" and discuss with your professional advisers.
